Selected entries to be exhibited in the Highway Gallery, Mt Waverley in Nov. 2011.

Malaria, an infectious disease, is transmitted by mosquito bites. It is so prevalent that one child dies of malaria every 30 seconds and more than 1 million people die from Malaria each year. Most are young children from developing nations.

Proudly supported by the Monash City Council, JCI (Junior Chamber International) Whitehorse Maroondah is joining the United Nations' fight to raise awareness across the globe about malaria.

You are invited to design a creative poster that incorporates the words 'MosQuito and Me'. Your poster should explore the global impact of malaria and its impact on our communities.

The competition is open to all secondary school students in Victoria under 18 years old.

For full terms and conditions, download an entry form from www.suzichendesign.com/news.html or email jciwh2010@gmail.com.
